

### O How He Loves You And Me - E9th 1st Verse - Key Of G

SP is split tuning on string 5, Engage pedal A and the knee that lowers the 5th string a half tone, at the same time

If you don't have split tuning, just depress the A pedal half way

A Raises 5 and 10 a full tone, B raises 3 and 6 a half tone, H raises 1 a full tone, L raises 2 a half tone

Tab in red is a great general purpose riff to learn and will work in any song to transition to a 7th chord

The unison notes on 2 and 4 will be slightly out of tune, yielding a chorus like effect - very spacious sound
